

Elite Compendium Delta 14B joystick support

Plug your Delta 14B joystick into the rear socket of the 14B/1 adaptor box
Do not use the side socket of the adaptor box

BBC Micro and BBC Master:

Run any version of Elite from the Elite Compendium

While docked, press COPY to pause the game

Press "L" and wait for the confirmation beep

Press DELETE to unpause the game and play using your Delta 14B

Repeat this process to switch back to keyboard controls

Acorn Electron:

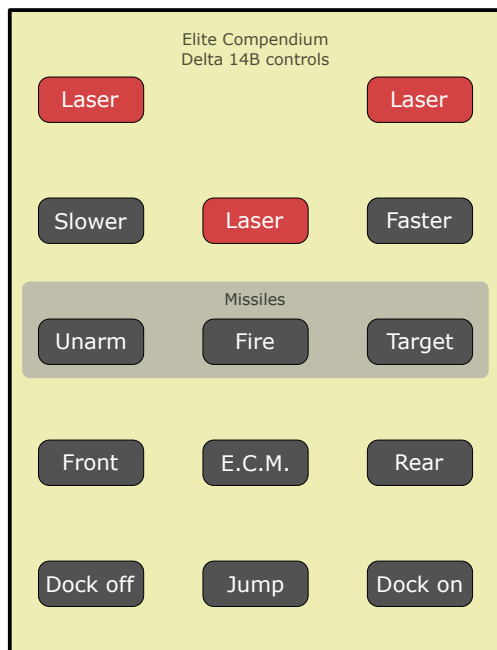

Run the musical version of the Elite Compendium

While docked, press COPY to pause the game

Press "K" until "DA" or "DB" are shown (for 14B/1 in user port A or B)

Press DELETE to unpause the game and play using your Delta 14B

Repeat this process choosing "KB" to switch back to keyboard controls
